LO: To understand why Roman rule in Britain ended in 410 AD.

If you haven't yet completed task 20, your Topic task for today is to create an informative, factual poster about why Roman rule ended in Britain in 410 AD.

I have added a timeline of events, from when the Romans first arrived in Britain up until their final departure in 410 AD. If you have completed Topic task 17 then you can use your own timeline instead. Feel free to add to my timeline, if you haven't yet completed task 17.

Using the timeline of Roman Britain, research the events in more detail so that you can give interesting and precise facts in your poster. The poster does not need to be completed on separate paper, you can use one whole page of your home learning exercise book and add colour to your poster with colour pencil. Good luck, enjoy the task and I look forward to seeing your posters and reading all the interesting facts you have researched!
