

A group of approximately 20 children are standing in a line in a classroom, holding a long, wide banner made of brown cardboard. The banner has some faint drawings on it. The children are dressed in casual clothing. In the background, there is a blue bulletin board with various papers and photos pinned to it. To the left, there is a display board with colorful papers and drawings. The room has large windows on the right side and a wooden structure on the left. The floor is light-colored wood. In the foreground, there are several small white plates on the floor, each containing some small, dark objects, possibly snacks or craft materials.
