IN THIS ISSUE: CHILDREN BOOK WEEK!

Children's book week 2016

By 'Fun with Books' Club Members with support from Mrs. Marshall

Fun with Books Club

Fun with Books Club is a group of key stage 2 children with a love of books and stories, who meet every Friday. They are so passionate about reading and writing stories that they want to make sharing this love their prime goal.

They have been working hard together to plan and prepare some exciting activities to celebrate

'Children's Book Week'

Children's Book Week 2016

It runs from 31 October to 4 November. Together, they want to inspire everyone to have a love for books.

Every year, schools, libraries, children and their parents celebrate books and reading for pleasure during Children's Book Week. It is widely agreed that, children who love reading do better at school and are happier, healthier and more resilient.

Spread the joy of reading

Join in and celebrate books with us this October and November:

There will be lots of activities going on all week and this will culminate in a **dress up day on Friday November 4th. Come to school dressed as your favourite book character**, we can't wait to see you all.

There is always plenty to celebrate in children's literature. With the 400th anniversary since Shakespeare's death, 150 years since the birth of Beatrix Potter and the 100th anniversary of Roald Dahl's birth, what better time than now!

Look out for more details in the school library.
