

Year 1 2025-26
Science
The human body

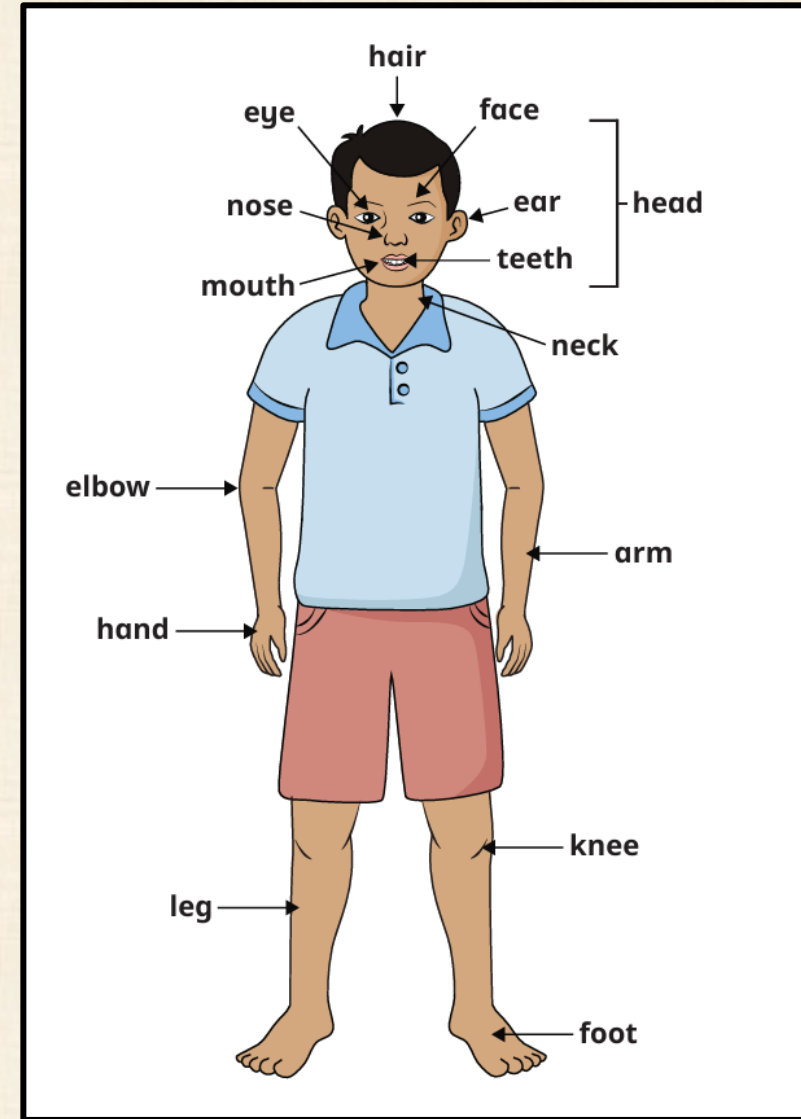

Principal Aim: Identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense.

Key Questions:

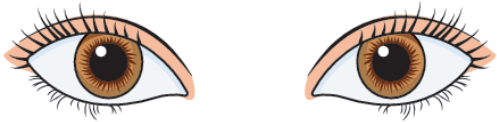

- Where is your _____?
- What labels are needed for these body parts?
- What part of the body do you see / hear / taste / touch /smell with?

Scientific Skills:

- Asking simple questions and recognising that they can be answered in different ways
- Observing closely, using simple equipment
- Performing simple tests
- Identifying and classifying
- Using their observations and ideas to suggest answers to questions
- Gathering and recording data to help in answering questions

• **eyes** - the parts of the body that people see with

• **nose** - the part of the body used to smell

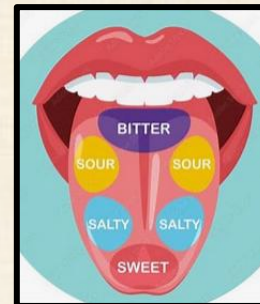

• **ears** - the parts of the body that people hear with

Your 5 senses

touch
