Senses /
Body
parts

There are 5 senses:

Smell: we smell with our **noses**

Touch: we touch with our **hands**

Sight: we see with our **eyes**

Taste: we taste with our **mouth**

Hearing: we hear with our **ears**

Our body parts use the senses to navigate the world around us.

Which materials should a super hero use for their house?

Materials

What would you choose?

Wood: is a hard material that comes from a tree.

Plastic: is a material that can change shape.

Glass: is a hard transparent material

Water: is a colourless, transparent, odourless liquid
