

22<sup>nd</sup> January 2021

Dear Parents,

**Spring Information Letter 8 – Lateral Flow Testing for Staff**

From Monday 25th, all staff at Norton Juxta Kempsey CE Primary School will be undertaking twice-weekly lateral flow tests. The test will provide a NEGATIVE or POSITIVE result for COVID.

If a staff member tests positive for COVID they will be expected to isolate immediately. If that member of staff has been teaching or supporting a bubble at school then that bubble will have to close and the pupils will isolate too.

It is an encouraging move forward to ensure the safety of all of our community however; I must point out that the closure of a bubble may happen with very little notice. Please ensure that you check your text messages, emails and look at the school website daily for updates.

Please stay safe and look after yourselves.

Kind regards

A handwritten signature in black ink, appearing to read "J Dean".

Mrs J Dean  
Headteacher
